For Your Convenience

The wharves and floating docks are equipped with fresh water service and 30, 50, and 100-amp electric power.

If you wish to buy ice, contact a dock attendant or the Dock Office.

The Mystic River is a no discharge zone. Use shoreside toilet facilities or holding tank aboard. Free service is available by calling the Mystic River Pump-out Boat on VHF Ch. 68. Contact the Dock Office for more information.

Telephone numbers for services such as taxi, engine repairs, and general local information are available at the Dock Office.

Recycling and Trash Disposal

Cans and bottles must be separated from trash and placed in labeled barrels throughout docking areas. A dumpster is located in the North Laneway for boater trash. Consult Dock Office for more information.

Museum Rules

Fires of any kind are prohibited, including solid fuel grills (charcoal, etc.). Cooking is permitted on board boats only on approved marine stoves or bottled gas grills.

Smoking is prohibited on the Museum's docks or grounds. Smoking, including e-cigarettes, must be confined to your vessel.

Weapons are prohibited on the grounds for the safety of all visitors.

Boarding Museum vessels is prohibited before or after hours.

Pets must be leashed when on Museum grounds. Please pick up after your pets.

Personal automobiles and motor bikes are prohibited on Museum grounds. Bicycles must be walked on campus during Museum hours but may be ridden during non-business hours.

Shoes and shirt must be worn at all times on Museum grounds.

Consideration for others in dress and conduct is expected, and we request "all quiet" after 10:00 p.m.

Swimming and fishing are prohibited.

Night lights on Museum wharves and grounds are necessary for the protection of persons and property.

Use of power tools is prohibited while dockside.

Our historic site includes uneven terrain. Please watch your step as you explore the grounds.

The Museum's first priority must be for the protection of its own irreplaceable historic watercraft. Therefore we regret that space that is normally used by visiting vessels may have to be cleared if a hurricane or other violent storm appears imminent. The Dockmaster or his staff will advise visiting boaters as soon as it is deemed necessary for vessels to depart.

Mystic Seaport Museum reserves the right to cancel any and all dock reservations for the duration of the storm emergency period. Should this situation arise, your cooperation and understanding will be greatly appreciated.
